Surprinzător, nu un curs despre cum să folosești mai mult tehnologia ci mai degrabă, despre cum să o folosești mai bine. Un curs despre puterea și utilitatea tehnologiei dacă este folosită corect. Un curs plin de idei și resurse, despre creativitate și inițiativă, despre comunicare și învățare, despre joc și joacă, despre profesori și elevi, despre crearea de resurse și eficiență.
